## **Parent's Consent**

- I have read the Our Lady of Mount Carmel Acceptable Use Contract. I understand that the computer and internet access is designed to enhance my child's learning. I also recognise that every effort is made to monitor and restrict access to controversial materials.
- I understand that cyber-bullying is not acceptable. If student online behaviour outside of school time has an impact on the class the teachers may need to work with parents to address the issue. This may result in school based consequences and an interview with parents.
- I have discussed the student contract with my child and agree to its terms.
